PROFILE

Software Engineer with 3+ years of experience building and maintaining SaaS applications using Ruby on Rails and Vue.js. Strong experience in API design, SQL performance optimization, and frontend migrations. Comfortable working in Agile environments and collaborating with product and business stakeholders.

TECHNICAL SKILLS

Front-end : HTML, CSS, JavaScript, Vue.js, TypeScript, jQuery, Bootstrap, TailwindCSS

Back-end : Ruby on Rails, REST API, PostgreSQL, MySQL, Swagger

Testing : RSpec, Minitest, Jest, Capybara

DevOps / Tools : Git versioning, GitHub, CI/CD, CircleCI, Datadog, Sentry, Cloud (AWS, Azure), Webpack, Heroku, Railway, Docker

Other : Figma, dbdiagram.io (database design), Linux (OS and WSL)

SOFT SKILLS

Excellent communication skills · Problem-solving skills · Adaptability · Teamwork

PROFESSIONAL EXPERIENCE

Full-Stack Developer — Winddle

Paris, France — May 2022 to May 2025

- Built and maintained features for a **supply-chain SaaS platform** (Rails + Vue.js).
- Migrated components from Backbone Router to **Vue Router**.
- Redesigned the document management system (**architecture + UI**).
- Improved performance by **optimizing SQL queries**.
- Developed **REST APIs** and ensured smooth integration between front-end and back-end.
- Participated in **Agile ceremonies**: sprint planning, refinements, reviews.
- Promoted to **IT Data specialist** in 2023: designed **customer data systems**, developed **automation scripts** for FTP integrations, managed **SSO authentication** implementation.

Teaching Assistant — Le Wagon

Paris, France — Jan 2022 to Apr 2022

- Supported students in learning web development and completing their projects.

Buyer / Product Manager — Fashion Industry (Ready-to-Wear)

Paris, France — Oct 2016 to June 2021

- Managed **multimillion-euro buying budgets** and product lines.
- Negotiated with suppliers and ensured product quality compliance.
- Analyzed sales trends and optimized collection performance.
- Managed an assistant and a junior buyer
